

Student Scholarship Program

in cooperation with

The APhA Foundation Student Scholarship Program recognizes students who choose to invest their time in their school's APhA-ASP chapter to help shape the future of the profession while managing the demands of a full-time pharmacy curriculum. Applicants will be evaluated on their potential to become leaders for the profession of pharmacy, as demonstrated by involvement in school and community activities and academic performance.

Each year, many scholarships are awarded by the APhA Foundation. The Pharmacists Mutual Community Pharmacy scholarship is in the amount of \$1,750. The George F. Archambault scholarship is in the amount of \$1,500. The Ton Hoek Scholarship provides an annual \$1,000 stipend for a student pharmacist, fellow, resident, or PharmD graduate pursuing graduate studies to attend the International Pharmaceutical Federation (FIP) Congress. All other Foundation scholarships are in the amount of \$1,000 each. The Menighan Leadership Scholarship is in the amount of \$500.

The twenty-two named scholarships recognize gifts made by individuals or groups who wish to support the development of future leaders within the profession. Biographical information for each of these individuals or organizations may be found on the APhA Foundation website under the Student Scholarship Program page.
